Setup Step # 3:

Once the PCRX Support Tech is on the phone, they will ask you to highlight a Support Name and they will take it from there.

They will make the necessary installation of software from there. You can watch, take a brief coffee break, attend a meeting, take your lunch break or you can go home for the day. . . just don't turn off you PC.

While you are busy doing what you do best - they will complete their setup procedure.
